M. D. Schwartz, president of the Pacific Smelting Co., announced this week that Howard William Borer, 16-year-old graduating senior from North High School, has been awarded the 1959 Pacific Smelting Foundation educational scholarship. This is the third year that a high school senior in the Torrance High School system has been awarded a scholarship by this foundation.

Open to graduating seniors of the Torrance High Schools who desire to obtain a mathematics, scientific or engineering degree in an accredited university, the scholarship is awarded on the basis of scholastic record, character, citizenship, leadership, aptitude and general educational outlook.

The Pacific Smelting Foundation scholarship will provide Howard with \$500 a year for five years, or a total of \$2500, to assist him in paying his college expenses. He plans to register at the University at Berkeley, where he will major in mathematics.

Previous winners of this scholarship were: Walter A. Sapp, 1958, and Laurence L. George, 1957.

Howard is the son of Mr. and Mrs. Nathan Borer of 16506 Purche Ave., Gardena. Pacific Smelting Company is a pioneer Torrance plant which produces slab zinc, zinc oxide, zinc dust and zinc alloys used in the steel mills, galvanizers, rubber, paint and ceramic industries.
